RE: Committee for Citizen Involvement 2016

The Resolution creating the Committee for Citizens Involvement (CCI) requires an annual evaluation of the Citizens Involvement Program and a report to be given to the Mayor and City Council, the County Planning Coordinator, and the State's Citizen Involvement Advisory Committee.

Many efforts are made to be sure information concerning meetings, process, and specific applications is available to the public. These efforts include providing hearing notices and/or agendas to several local papers, several radio stations, to the library, posting in City Hall, on the City's website, and mailed to neighbors when a specific property is involved. Contact information is provided and files are available for review at the Planning Department, the public library, City Hall and on the City's web site. The public is able to sign up to receive email or text message notices of Planning Commission meetings, both regular meetings and workshops. There are currently 56 participants in this program.

A survey form, designed to evaluate the effectiveness of the citizen involvement program, has been available for the past year at the sign-in table at every Planning Commission meeting and on the City's website. The survey is mailed to all participants in the land use process with the Notice of Decision. With this process, the number of returned surveys continues to increase each year; 16 in 2016, 14 in 2015 and 8 in 2014. Below is a summary of the responses from the surveys.

Summary of key questions:

- Is information concerning meetings, process, and specific applications available to the public?

All but one response indicated that the process or criteria were able to be located prior to the Planning Commission meetings or that no efforts were made to obtain the information.

- Were citizens allowed to participate and did the Planning Commission consider their input?

Fifteen of the responders indicated that they were allowed to participate while fourteen felt the Planning Commission considered their comments.

- Did the Planning Commission explain their decision and how it pertains to the applicable policies?

Thirteen of the responders felt that the Planning Commission accomplished this. One responder suggested that the entire final order be provided with the notice of decision.

Recommendation: Motion to accept the CCI Annual Report for 2016 and forward to the City Council.
